

Welcome to Federation Bank WebBank enrollment

Effective **1/2/2019**, we are suspending enrollment for our internet banking product until **1/17/2019** due to changing internet banking providers. We feel this will enhance the user experience and the new product offers many features not currently provided. We do not want you to learn the current site and transition so quickly to a new one. The WebBank service includes viewing your accounts, statements, transferring funds, depositing a check by phone, pay a person, and personal money manager. Any questions or concerns, please contact 319-653-7256 and thank you for your patience.
